to be obserued.

GRaffe and plant trees the moone being in Taurus, virgo & Capricornus, the fit seaſon of the yeare considered: that is from the ende of Februarie till the beginning of Aprill, & in the encrease of ỹ moone, the neerer the change the better, the wind blowing from no part of the East nor North.

To haue seedes for store of your owne prouision for the next yeare, the best sowing is two or three deies before the change.

Gather hearbs and fruit to keepe, in the olde of the moone in faire and dry weather, and after noone,

Cut hedges betweene the change and the full, from the end of January till the beginning of June.

Shearе sheepe, cut haires, set and remoue trees in the increase of the moone.

Geld cattell in Aries, Libra, and Sagitarius, the moone being past the full, it matters not when you let them blood, so that the signe be not in the heart, nor the day of the change, nor the signe in that place where the incision is made

Fell great timber in the olde of the moone, but coppice and that you would haue grow againe in the first quarters from September till March, it is good to set all kind of quickets. Set trees in November, December, January, February, and March.

The Dominion of the Moone in mans body.

A neceſſary and perfect rule, to know *when the Termes begin, and ende,* with their Returnes.

¶ Note that the Exchequer openeth viii. dates before euery Terme, except Trinitie, for then it openeth but foure dayes before.

¶ Hillarie Terme beginneth the xviii. of Ianuary, if it be not Sunday, and endeth the xii. of Februarie.

¶ Eaſter Terme beginneth the 29 of Aprill, & endeth the 25. of May.

¶ Trinitie Terme beginneth the xii. of June, & endeth the firſt of July.

¶ Michaelmas Terme beginneth the xv. of October, and endeth the 28. of November.

There be in euery yere theſe foure Termes, or times of pleading, appointed for the hearing, and determining of all Contracts, Diſcords, and other matters in this Commonwealth: the reſt is vacation, or voyd time, for men to follow other buſineſſe.

Theſe Termes with their Returnes (which be iiii. v. or viii. in euery Terme) haue their names of ſome principal feaſt or Saints day ſet downe in the Calender, as Eaſter Terme is named of the feaſt of Eaſter which it followeth: Hillarie Terme of S. Hillarie the xiii. day of January, &c.

There be vi. kind of Returnes: Craſtino, Octabis, Quindeno, Tres, Menſe, & Quinque, but euery Terme hath not all of them.

Craſtino is the day following: as Craſt. Aſcenſionis, is the morrow after the Aſcenſion day. Octabis is the viii. day after, reckoning both, as Octab. Trinitatis is the viii. day after Trinity Sunday.

Quindeno is the xv. day after,
Tres is that day iii. weekes,
Menſe is that day moneth,
Quinque is that day v. weekes.

¶ A plaine and more perfect rule to know the Law-dayes in the Courtes of the Arches, Audience, Prerogatiue, Consistory, Delegates, High Commission, and Admirall Court, through the yeere.

¶ Note, that the firſt day after each of the Feaſts here ſet downe. for euery Terme, the Court of the Arches is kept in the forenoone, in Bow Church, and the Admirall Court the ſame day in the afternoone in Southwarke.

The ſecond day after euery of the ſayd Feaſts, the Audience Court is holden in the Conſiſtorie within Paules, in the forenoone: and the Prerogatiue Court in the ſame place, in the afternoone.

The third day following any of theſe Feaſts, the Biſhoppe of Londons Conſiſtorie Court is holden in Paules, in the forenoone: and his Maieſties Court of Delegates in the ſame place in the afternoone.

The fourth day after the foreſayd Feaſts, his Maieſties Court of High Commiſſion, is kept ſometimes at Lamb-heth, but moſt commonly in the Conſiſtorie within Paules, in the afternoone.

But if the Court of Starre-Chamber happen vpon the ſame day, then is the Court of the High-Commiſſion put off till the next day.

Note, that if any of the dayes before recited happen to bee Sunday, or ſome Holiday, then is ſuch Court kept the next day following.

Note alſo, that in Hillarie Terme foure of the aboueſayd Court-dayes bee ordinarily kept, and as many in Eaſter and Trinitie Termes, according to the courſe of the yeere, and the Iudge of the Arches his diſcretion, who at the end of euery Terme, appointeth the Court-dayes to be kept, in the Terme next following: but in Michaelmaſſe Terme, the Court-dayes for the ſame before ſet downe, are certainly kept.

I therefore admoniſh all Countrey men, cited by any Originall Proceſſe, to appeare in the Arches, Audience, Prerogatiue, or Delegates, to ſend to ſome Inſtitor (a Note of the cauſe, and to what Court they are cited) to appeare for them, and to returne them word of the very day it ſhall bee needfull for them to appeare in perſon. Nut the courſe of practiſe in the High-Commiſſion, and the Admirall Court, is otherwiſe: for euery Proceſſe theare, doth require Perſonall appearance.
